

## **The Call**

### **To all serious seekers and readers of the Grail Message**

To all who will not be able to participate in a Festival on the Day of the Dove, but who have the desire not to spend that day only on earthly things I issue the call to go to a place of their choice in order there to open themselves to the spiritual happening.

This can be any place as long as it is away from the human hustle and bustle. It may be in nature, in the forest or even in one's own apartment.

You can prepare this place for a connection to luminous planes if you so prepare it. Do this in accordance with your intuitive sense. You can use candles, light sounds, music, heart-felt prayer or good thoughts. Let your spirit purify the spot, place a flower and ask the animistic beings to guard and protect it.

Some places have already been predestined for this; you will sense it, for the animistic beings let you know.

In this way you will form a solid net stretching from place to place as long as your volition for it is pure.

On the day of May 29, toward sunset, go to this place and read the Lecture „Ascent“

On May 30, at sunset, read the Lecture „Life“

On May 31, at sunrise, read the lecture „Let Easter Arise Within You!“

Prepare yourselves and your bodies for seven days

For seven days eat only white meat;

Vegetables, salads, juice, water and herbal teas, no intoxicants.

Avoid chatting and conversations without spiritual substance even if you think your daily bread depends on them.

For seven days listen to music which opens your soul and allow nothing to approach you that might darken you.

Avoid human feelings and sentimentalities. Be pure and clear. Do not bind yourself to your ego but liberate yourself from it.

And he who feels the desire and bears the volition to help in the coming happening should ask to be given the strength he needs. Many spirits are on the earth because they asked to be able to help. Many of them have gone, or were led, astray .

Many are now being called to help with this final work. Do not miss the call which, if this is your total volition, will also touch your soul. If your plea is true and genuine, then open yourselves during the hours of dawn on May 31, to the Ray; the Ray that will surround you already for days before.

From then on your soul will be protected but it is also obligated to no longer serve the material world and human opinions.

For the coming time I wish all those who will now be able to help in the dissolution of all Light-opposed happening in this world of matter, awakening of consciousness which will pull the intellect from its throne so that the soul with its spiritual awareness can be ready when its plea is granted once more.

Once this has happened you will carry the place of Light connection within yourselves and can no longer be lost as long as you will not again fall in temptation.

You have already been informed as to how you are to live afterward
